## **WESTERN AFRICA**

Together we can do more to change lives and save souls in Western Africa by witnessing the Word of God with your radio broadcast! If you are passionate about loving God, sharing His hope, having a life altering impact on the lost.....we welcome you to Radio Africa! Since 1984, Radio Africa has been a beacon of hope broadcasting the Gospel into Western Africa, serving as a premier shortwave radio station serving this part of the world.

Every day within Africa turmoil and stark living conditions abound.....children crying in hunger, at times homeless and without a parent, seeking comfort and love.....adults living in poverty and constantly faced with disease and not having the necessary resources.....their lives unbearable. Within in Western Africa, 65 percent of the population lives in rural areas with little or no access to running water or power. Therefore, solar powered and battery operated radios are used extensively throughout these rural areas, and shortwave radio is one of the main sources of news and information for these souls.

Broadcasting via the network's powerful 100,000 watt shortwave signal, Radio Africa has the potential to reach over 209 million English speaking people in the former British colonies of Nigeria, Ghana and Sierra Leone, and over 155 million people in Ivory Coast, Niger, and the remaining areas of Western Africa. We continue to pray and ask God to utilize Radio Africa so that it is poised to save more souls and help spread Christianity throughout Africa because the need is incredible!

Thankfully, our ministries have witnessed, first hand, the many wonderful and impacting stories of hope and new life through salvation because of Radio Africa! And because of their broadcasts on Radio Africa, schools, orphanages, churches and friendships have developed as a result of glorifying the Lord.....Amen! It truly is a humbling testimony to share with you that numerous life changing events have taken place for our ministries and our many listeners, all because of the love and hope of Jesus Christ!

Radio is impacting! Radio reaches! Radio Africa saves souls! Radio Africa remains a vital tool for the ministries wanting to reach the people of Africa, and it is a life-line for the many people listening to the station on a daily basis! Our ministries receive letters from their many listeners, testimonials of how God has impacted their lives and how Radio Africa is their source of hope when there is no hope!
